      16. (Unclassified - LLM) LIAISON Robert Fink, on the staff
of the Subcommittee on Government Information & Individual Rights,
House Government Operations Committee, called indicating they were
disappointed that the reply to Chairwoman Bella Abzug (D., N.Y.) of
2 June 1976 concerning the index of the mail intercept program did not
transmit a final report. I said that I thought that [   ] OGC,   STAT
had made it clear in his conversation with Tim Ingram, Staff Director
of the Subcommittee, that we would provide the report at the same time
that the Department of Justice entered into the case involved. This
seemed to satisfy Fink somewhat but he said another letter was on its
way to us requesting a few more details.
      He also asked about the status of the changes to the report
they had received from the Department of Justice, which was submitted
by the Agency, under 28 U.S.C. 535(b). I explained that there had been
a turnover in our General Counsel office but that I had raised this matter
just this morning with a representative of that office and I expect to have   STAT
something to provide to them in the not too distant future.
